Become a Home Inspector!

This is a 51 hour course covering all aspects of the home inspection profession from furnaces to liability. It provides a "jump start" for those wishing to enter the home inspection field. This course uses the Carson Dunlop systems and Standards course material of Principles of Home Inspections and also prepares you to take the ASHI approved NHIE examination. This course is designed to result in a passing grade on the NHIE (ASHI) exam. Close attention to the ASHI training manual should result in a passing grade. Learn how to become a Home Inspector and prepare for your ASHI member certification at the same time. This course is taught in conjunction with the Georgia Institute of Real Estate.

This course is based on the ASHI Standards of Practice and Code of Ethics, and consists of class room, home study and an actual home inspection where you will prepare an inspection report on your findings. All is intended to provide the student with as much hands on experience as possible reinforced with excellent class room content to assist you in getting started in the home inspection business. The course includes a real live home inspection out in the field.
